SUBJECT	CALL/REDLEG/TPFAST The Integrated Approach to the S&T Targets in Germany			
ACTION REQUIRED - REFERENCES REF: EGNA-38724, 18 July 1969				
<p>1. The September visits to Headquarters by [] and [] provided ideal opportunities to discuss the program set forth in the reference. The purpose here is merely to record our generally enthusiastic reception of the concept and to pledge Headquarters' wholehearted support of [] efforts to implement the program.</p> <p>2. SB Division did have some initial reservations concerning the concept, namely that the S&T program as described might become the major effort [] against the Soviet target and thereby reduce efforts to recruit agents for use in other contexts, such as direct deployment against designated Soviet human targets. However, discussions with [] at Headquarters effectively served to resolve these doubts and to allay any misconceptions concerning the degradation of the Soviet human target.</p> <p>3. With respect to Paragraph 10 of reference, [] may be assured that Headquarters fully appreciates the immensity of the task you are setting yourselves and agrees that the timeframe you project is reasonable. We do request, however, that you continue to report progress and developments relative to all aspects of the program in the TORELL, and to review the pertinent aspects in the SB and FE Quarterly Reports. A thorough and joint review, either at Headquarters or [] will be scheduled in approximately a year for the purpose of assessing the progress and direction of the entire program.</p>
